

**zambesi mission**  
and His church in Malawi and northern Mozambique

## **zambesi mission's** Financial Situation – July 2017

Dear Supporter,

I am writing to give you an update on **zm's** financial situation, following the letter that I wrote to you all in March. On behalf of the mission, please may I express our deep gratitude to everyone who responded through their prayers and gifts. Thank you also for the many encouraging messages of support: for example, *"We are particularly thrilled to read of the work and gifts provided over the last year and are sure that these will bring God's blessing to many folk"*. Another wrote: *"I am sorry to hear about this great need but also have confidence in our great God that through His grace your sufficiency will come by Him. The Lord is faithful."*

Financially, the income we received in March, April and May was significantly higher than the previous three months, averaging £35,711 per month; this compares to £17,248 per month between December 2016 and February 2017. Thanks be to God that, through His grace and our supporters' generosity, the mission is no longer in a critical financial condition. However, at the Executive Committee meeting in June, it was agreed that we should continue to keep our expenditure below our estimated income levels until at least September 2017. This is because we need to ensure that our cash reserves return to an acceptable level before the mission can resume its normal working programmes with our partners in Malawi and northern Mozambique.

We continue to be reminded of God's grace and His all-sufficiency through Philippians 4:19: *"and my God will meet all your needs according to His glorious riches in Christ Jesus"*. Thank you once again for your gracious support and your ongoing commitment to the mission.

Yours in Christ,

Michael Beresford – Mission Director
